

**NEW\*\*\*\* Carers Advisory Forum**

A forum of carers has recently been set up to consult on carers' issues. So far members have put forward views on the government's refresh of the Carers Strategy, considered how we might reach more carers and attended the National Carers' Summit run by Carers UK. Consideration has also been given to how carers can help to keep the carers' centre running in these difficult financial times. Anyone interested in joining the forum at its quarterly meeting is welcome to contact Mandy Pateman on 01908 231703 (on Mondays, Wednesdays or Fridays)
